*IN MEMORIAM –*

**Barry E. Feinberg**

**1942 – 2010**

*Anyone* who is familiar with the ESPCC Philadelphia Sports memorabilia Shows, especially of the early vintage, would have in some way been touched by the presence of **Barry Feinberg**. Be it as a dealer, collector or a member of the show staff, everyone knew Barry and *everyone* liked him. He had a calm, self-deprecating manner that automatically put everyone around him at ease. But Barry was much more than just a prodigious collector of vintage sports-related paper. Many were the times that he would drop his knapsack at a dealer's table, filled to the brim with sport's items, and engage in a conversation about Philadelphia area topics like the *trolley systems, defunct sports teams and politics* – just to name a few. He was well-read and very knowledgeable in these areas, but never disrespectful of someone else's viewpoint.

*My* fondest memory of Barry, undoubtedly, would have been the time he came up to my table at the old Ft. Washington, Pa. show looking somewhat distraught. I asked him what was wrong. He confided in me that he had "a tough decision to make." There was a very old World Series program on another dealer's table that he didn't have. With a twinkle in his eye he lamented, "I can get that World Series program, but I may not be able to cover all of my bills for the month if I buy it."

*Barry's* legacy will forever be indelibly etched in our minds as an intelligent, caring individual whose quick wit and easy going manner made all of us that much better for having known him. He will be missed.
